PRODUCT FORMAT

Size:
600X1200MM

Finish:
GLOSSY

A gloss finish is also known as the “glass-like sheen” because its sheen is the closest to 100% - the higher among other finishes.

It's super durable and different from other glosses, it can be used not just on wood, but also on walls and ceilings.

Residential

Shops

Malls

Public Spaces

Offices And Headquarters

Hospitality

Restaurant

Airports

Train Stations

Greet a complete home solution product range with us. One of the most popular practices for modern-day homes is to extend the flooring of the Living room to the kitchen.

A well designed Glossy finish tiles that will perfect-ly complement your trendy space.

DC
series

FEATURE

- Water Proof
- Resistant To Scratches
- Resistant To High Temper Atures
- Easy To Clean
- Resistant To Bending
- Resistant To UV Rays

The parameter used for slip resistance is called the Coefficient of Friction (COF). The higher the COF, the better the slip resistance of the tiles. Unglazed tiles, mosaic tiles (with many grout joints) and rough surfaced tiles are less slippery when compared with smooth and GLOSSY glazed tiles.
